KINGDOM CITIZENS HAVE BEEN PRIVILEGED TO SPEAK PROPHETICALLY

AS A MAN THINKS SO IS HE

1 Corinthians 11:23.

Depending where your mind is at will determine where your life ends up at.

The higher your mind, the higher your understanding, the higher your wisdom climbs, the richer your life becomes.

You cannot go where your mind is not.

And so besides the born-again experience your spirit man being born again renewing the mind is the task the Holy Spirit is now challenged with. To renew our minds.

We cannot fulfill what God has for our lives without realizing everything that He already accomplished for us.

Everything that we are. For the most part some are trying to be spiritual because they are a Christian or they attend church. Because they feel it's the good thing to do. But I want to remind us again and again and again because I believe that this will make the incredible difference in our lives. It'll make all difference in the world as the body of Christ around the world begins to wake up to the realization of all that we are in God. All that we are in Christ. I've said it before, you are the most powerful person if you're a Christian. *Being in Christ and operating in the world and walking in the light, you are the most powerful person in any situation or circumstance.*

FAITH IS THE MASTER KEY

Your greatest fight is the fight of faith.

Because faith will accomplish anything. That's why the devil is after it after your faith.

Notice that when Jesus was concerned for Peter, Peter came wavering and he was going to deny the Lord, you know Peter was kind of stepping out there and not always coming through. And Jesus speaking to him, Jesus didn't say hey Peter, I'm going to pray for your attitude, or I'm going to pray for your body, or I'm going to pray for your finances, or I'm going to pray over your relationships. *No, He said Peter I'm going to pray that your faith will not fail.* Because Jesus understood instead of praying for all these things for Peter, if I can just make sure that his faith doesn't fail, his faith will take care of all of that. *It's the master key.*

Faith is the master key that unlocks everything else.

Faith is the master key, building yourself up in your most holy faith, is what we are to be busy doing. Jesus prayed that his faith would not fail. *Because if his faith fails everything else will too.* Everything else will too, *but if his faith endures then everything else will benefit.*

That is the #1 thing we should be taking care of, is our faith! Not mental hype, not some motivational thoughts but a substance that grows within us as a result of meditating on the Word.

There is a residue, a substance that is there because of meditation on the word. If you ever see a stack of bricks that are moved, you'll see granules of sand behind. Because that's what bricks are made out of. They're made out of sand, and there's a component of sand in there, they leave that behind. *The word of God leaves faith behind.*

As you store the Word and the Word begins to move and circulate through your life it leaves faith behind.

It's a word of faith. *And so, we need our faith to even realize and put into practice and engage all the blessings and all the strengths that are our inheritance.*

YOU MUST REALIZE THAT YOU ARE A SPIRIT

You need your faith to realize all that you are for, example in **John 3:5** Jesus is having a conversation and He says **most assuredly I say to you unless one is born of water and the spirit he cannot enter the kingdom of God.** Your spirit must be born. **That which is born of the flesh is flesh and that which is born of the Spirit is spirit.** Let me remind us again that you are born of the Spirit. Your parents helped you be born of the flesh but your spirit your Heavenly Father, the Holy Spirit birthed you.

You are born of the spirit and just like you took on characteristics of your fleshly parents you also took on characteristics of your Heavenly Father.

There is divinity on the inside of you! That's something that we have to meditate on and on and over and over again because you must recognize that there is divinity, there is some of God on the inside of you. And that's the one that God speaks to us in His Word when He says things like "and if you believe nothing shall be impossible for you," "all things are possible for them that believe," and "with God nothing is impossible." He's not talking to your fleshly part because obviously your fleshly part has limitations. But your spirit man has no limitations and we're coming to the knowledge of that. *Over and over we must rehearse in our minds that you are a spirit.*

Very simple, you are a spirit. You are not a fleshly person having a spiritual experience, you are a spirit. Not just a human being trying to have a religious experience or a spiritual experience you are a spirit.

You are a spirit! And there are things that your spirit can do that your physical body will never be able to achieve and *your spirit holding faith in its heart can do great exploits.* Your spirit can move

in the supernatural. You were designed to move in the supernatural. You and I were designed to house the power of God. You and I were designed to hold the might of God. That is our design! *Just like you have some natural gifts, some of you, you're just naturally good at music or you're naturally good at working with your hands or your naturally good at working with your mind but let me tell you your spirit is naturally good at moving above the natural realm.* We just haven't gotten to know him very well.

We have a learn how to become physically strong, just haven't learned how to unleash our spirit man. You are born of the spirit, you are a spirit.

That needs to be at the forefront of our understanding that you are a spirit. You are a spirit. When your spirit prays supernatural things happen. When your spirit man speaks, supernatural things happen. When your spirit man meditates, it's the strongest force in any circumstance. When your spirit man meditates on God. Your spirit man has communion with the Spirit of God. *Church service is for the purpose of the Spirit of God interacting with the spirit of man for heavenly encounters.* You are a spirit and we must see ourselves as such.

There will be circumstances that walk into your life that will demand for your spirit man to step forward and conduct its self like God has called them to do.

So, you are a spirit. Do not marvel that I've said to you, you must be born again. The wind blows where it wishes, and you hear the sound of it but cannot tell where it comes from or where it goes. So is everyone who is born of the Spirit.

People won't be able to figure you out, people in the natural realm won't be able to figure you out. They don't know if you're coming or going, they don't understand why you say what you say. They don't understand why you do what you do. That's why you'll receive criticism like, "why do you have to be in church all the time?" and "why do you have to be giving into church?" And "why do you have to be serving in church?" and "why do you always have to be in the word and why you always Feel like you have to be in prayer?" They're not going to understand you. You should ask them," why are you do you eat every day?" "Why do you do what you do every

day?" Because you're busy building up your natural man. But your natural man is slowly dying, trying to head back into the earth where it came from. Your spirit man is being renewed day by day. Looking forward to head back where it came from which is heaven. So, you are a spirit man born of the spirit and you come and go and they won't understand because that is everyone who is born of the Spirit.

TO SEE THE WORLD THROUGH MAN'S PERSPECTIVE IS DEATH

Romans 8:6 it says for to be carnally minded is death. Why is it death? Because the pressures of this world will kill you. The worries of this world will frustrate you. The worries of this world will cause you to grow tumors and grow anxiety attacks and cancers and high blood pressures and grow older faster. The pressures of this world, they're trying to help you come along in your death. The world is out to kill you quickly or slowly. Fill you full of worry, full of anxiety, full of fear, wear you down to where you become ineffective. But to be spiritually minded is life and peace. Life in peace, why? Because you know things that others don't know. Life and peace because you see things from God's perspective not from man's perspective. If you see it from man's, everything looks bad. If you see it from man's there's no hope. The mess that the world is in there is no hope. Until you climb up to where God is at and see things from His perspective and you see the hand of God all over the earth. What He's doing all over the earth and it gives you peace. Because from man's perspective all you're going to see is hopelessness.

IT TAKES SOMEONE IN LOVE WITH THE LORD TO UNDERSTAND THE THINGS YOU DO FOR THE LORD

1 Corinthians 2:14 But the natural man does not receive the things of the Spirit of God, the natural man will not receive them. That's why sometimes it's futile for you to explain the things that you do for God to someone who is not born again. To someone who is not in love with God. It's futile they won't understand you. That's why you as a parent or us as parents now that we're at this age, we can't understand why our youth need to be on the phone all night long talking to their girlfriend. We don't understand. We don't understand why they're getting caught up because so-and-so likes so-and-so more than me now and, but we were there. And so, the natural people, they're not going to understand. Why? Because they're not in love, you

are. You're in love with God. That's why you sacrifice what your sacrifice. That's why you jumped the way you jump, that's why you sing, that's why you clap, that's why you smile, that's why you rejoice, because you're in love! People who are in love act crazy they do crazy things. They do crazy things. As you know the story my wife was living up in Norfolk Virginia and I was living down here in Texas, when I got out of the military. And my plans were to marry her. And I made that trip from here to Norfolk Virginia a 32 Hour Drive nonstop. The only reason I stopped was for gasoline and some NoDoz and some caffeine.

And I made that drive three or four times no sleep. I saw the Sun go down and I saw it come back up. Why? Who does something crazy things like that? Only someone who is in love. Only someone who is in love. I had a car that I'm not sure it could make it across town, but I took it across the country. I went all the way to the East Coast. Amen!

That's why people won't understand the things that you do for God, they won't understand because they have to be in love.

If they're not in love they're going to do minimum and they're going to find an excuse for not coming to church. They're going to find away and why they don't have time for the word, or don't have time for prayer. One, is because you're not in love, that's the problem you're just not in love. You're not in love.

But if you understand everything that God wants to do for you and how He wants to take care of you and everything He's already invested in you.

You'll begin to realize that He's good for you. That He's good for you. That you are a spirit because God wanted to interact with you. God wanted to have that kind of intimacy with you. Where His Spirit could become one with you inside your physical body.

THERE IS MUCH MORE TO THE SPIRIT OF MAN THAN WE KNOW

The spirit of man and the Spirit of God coming together and becoming one. As spirits and it sounds weird, it almost sounds like we're talking about something a cultic something that maybe is satanic but it's not. It's not. They tried to copy us. Satanist and people in a cult they're very spiritual while Christians are very carnal. So that's why they threaten to put a curse on you. They're going to cut the head of a chicken and they're going to throw it in your front porch and why? They're being spiritual. Sometimes they understand the world of the spirit more than Christians do. And yet God is instructing us on the world of the Spirit. You see if you understood who you were you'd pick up that chicken and throw it in a pot with some water and make some chicken noodle soup and not lose any sleep over it. And then you would go in your room, get on your knees and send the curse right back on their heads. If you were a spiritual. You're not spiritual so you're like, "oh my God, I don't know, they told me they put a curse on me that I'm going to have frogs growing in my stomach." And then when you are spiritual you go to get somebody to sweep you or to do the egg thing on you. Totally neglecting the spiritual book of dominion which is the Bible. Of dominion! If you want to get swept let us know we've got some cleaning ladies with extra brooms, they will do you right after service. You are a spirit! And you were designed to have dominion and you were designed to be supernatural. You were designed to live and move in the Might of God. You are a spirit. Citizens of the kingdom are spirits. The spirit of man. They are the citizens of the kingdom not necessarily your fleshly body. Your body will be glorified when the Lord returns but right now this physical body is not necessarily the citizen it's your spirit that is a citizen.

THE LANGUAGE OF THE SPIRIT OF MAN IS PROPHETIC

This is a meeting of spirits, the Spirit of God comes, the spirit of man comes, and we do spiritual songs hymns and melodies in our hearts. *We speak spiritual things and we move things in a spiritual realm and the better we become at that, the more we will dominate and carry out the will of God.* The more we learn to do that. I've said it in our Series that we are in right now, **concerning the prophetic language.**

- The prophetic language is the language of the spirit man. The prophetic language.
- It's a strange language, it has faith in it, but it has also vision in it. The prophetic language.
- The prophetic language calls those things that be not as though they were.
- The prophetic language describes what will become not what is.
- The prophetic language is a description of the will of God and therefore declares it.
- The prophetic language is giving voice to the known will of God.
- Spiritual people speak prophetically. They speak prophetically.

You see that in in the Scriptures and Jesus is doing it. That's why when we read some of the Jesus encounters, His conversations don't make a lot of sense. They don't make a lot of sense and we looked at several places, I believe at 4 of them where we saw that. I've said before that *whenever you see a miracle, a wonder, a revelation something from heaven on the earth it is because someone around there has some keys*. Somebody bound or loosed something of a supernatural kind. Somebody loosed something, somebody bound something. Some spiritual person did something. Sometimes we take that for granted. Sometimes on a Tuesday night everybody's in worship and then you see Janet and Oscar down on the floor in the power of God. Somebody did something. You see this person over here on her knees going through tremendous trial but still raising up their hands and worship to God. Somebody unlocked something in their heart. Somebody turned the key, and this became a heavenly place where supernatural things begin to happen. *Somebody released their spirit man, did something of a spiritual nature and as a result heaven responded with a manifestation.*

The more you understand how to move your spirit the more that nothing, nothing will touch us. Nothing will touch us.

SPEAKING PROPHETICALLY IS SEEING THE WILL OF GOD WHILE OTHERS MAY NOT SEE IT, IN ORDER FOR THAT TO COME TO PASS

The more we understand how to move our spirit. And in these keys that we covered already we talked about this prophetic language that Jesus used, and this prophetic language has faith in it it has vision in it. *This language describes what it sees, it's seeing things that others can't see.* Because it says prophetically as well. Everybody else sees that person sick, this person sees that person healed. You have a person in the church a prophet and the prophet is crying and crying and crying and crying while everybody is happy. And they asked the prophet why are you crying? Everybody's happy things are going well. He says because I see how they have forgotten about God and I see the end result that is going to be bad. And then another day everything is bad the people are sad and crying in the prophet is jumping and rejoicing and they ask him why are you so happy everybody else's sad don't you see what we're going through? And he says it's because I see that this will not last. And we're on our way out of this turmoil out of this chaos and I see us better after the storm than when we first went in.

See that's moving in the prophetic seen things and talking those things that other people cannot see because you are a spirit man, God reveals them to you. He has fellowship with you and reveals them to you. And so, we see Jesus speaking prophetically in His encounters. He always took opportunity to establish something prophetically. The things that God wants to accomplish on this earth they do not happen until someone speaks prophetically. Nothing happens until somebody speaks prophetically. What is that? It's speaking what you see even though others cannot see it. It's speaking the will of God even though others cannot see it. It's calling those things that are not as though they were. It's speaking the very thing that you want to manifest. Jesus did that. He said to Peter I'm going to give you the keys of the kingdom of heaven and whatever you loose on earth will be loosed in heaven. Whatever you bind on earth will be bound in heaven. And Jesus begins to work with them. *And in several occasions Jesus used opportunities to speak prophetically in order to schedule a manifestation.* Whenever you speak prophetically you are scheduling a manifestation. Whenever you speak prophetically you are scheduling a manifestation.

Whenever you speak prophetically you are scheduling a divine manifestation. You are putting things on the calendar.

Every time you speak prophetically. Throw out the old testament they spoke about a savior about a Messiah, they spoke about the lamb. They spoke of Jesus coming. What were they doing? They were scheduling his arrival. Prophets of the old testament like Isaiah and them they spoke about Jesus about the Savior all they were doing is using prophetic language to schedule that manifestation. It is the will of God for Jesus to come and manifest himself, but it is the responsibility of man just speak it prophetically in order to schedule that manifestation.

It is the will of God for certain things to come to pass in our lives, but it is the responsibility of man to speak it prophetically in order to schedule it for a manifestation.

If you don't speak it prophetically then God is not going to schedule it, He's not going to bring it to pass. Why? Because He won't break his own system. He won't break His own Word, He won't break it. So, what happens is when God wants to bring something on the earth He sends the Holy Spirit to find somebody that'll speak it prophetically. The Holy Spirit will come, and the Holy Spirit will deal with you and try to work with you and try to get you to speak it prophetically. The problem is that you keep speaking what is, instead of what should be. So, the Holy Spirit struggles in trying to get you to be spiritual. To be spiritually minded, to move by your spirit and speak the will of God to schedule it for a manifestation by speaking prophetically. Not speaking what already is but what is to come! It's the language of the spirit man so the Holy Spirit comes and deals with you. *If a family is in chaos there is turmoil and whatever the case may be the Spirit of God will come to the father and try to work through the man of the house, the head of the house.* But he's too busy doing something else. So the Spirit of God will come to the mother and try to work with the mother, the influencer of the house and try to get her to speak prophetically. But all she wants to speak is negative and how bad things are, so sometimes God will even use a child, who doesn't resist the Spirit of God. So, the Spirit of God will get a child to speak the will of God prophetically. Mom and dad will say, "what did he say,

or she say?" Why did they say that? God just needed somebody that had a spirit man, housed in a physical body, to slow down fast enough to receive Prophetic insight from God. That it might be spoken, that heaven could now work to bring it to pass. That the will of God may be done on earth as it is in heaven. So, the Spirit of God is always looking for somebody to speak prophetically. What we are busy doing is telling God how bad things are, as if He doesn't know. He knows how bad things are. But bad things are not going to change unless the spirit of man begins to speak prophetically. It's our language. So, it sounded weird. When Jesus told his disciples, you feed those 5000. He wasn't making any sense and as we already discussed He's about to speak prophetically, He's about to take some bread and with that bread He's going to speak prophetically. He's going to speak about the cross. He's going to speak about the cross and the wonderful thing that the spirit of man can do is that the same power that is afforded to the literal fulfillment of what is prophesied is also available to the very thing that is used to prophesy it. That's why the power of God came on that bread and that fish because as we learned, that bread represented the body of Jesus and the fish represented humanity. So, the same power that was going to come on the day of Pentecost and begin to work in humanity and begin to restore him, that same power that did that, that same power that raised Jesus from the dead is the same power that showed up out there in the desert with 5000 people to feed. The same power! *Because when you speak prophetically that power comes down to the earth, it manifests on the earth.* And It will touch even the very thing that is symbolizing the fulfillment of it. That's why Jesus was speaking prophetically all the time and people didn't understand Him. It's amazing that Jesus spoke with Bread many times. Let's look at *1 Corinthians 11:23, for I received from the Lord that which I also delivered to you that the Lord Jesus on the same night in which He was betrayed took bread.* Now He's getting ready to get crucified and He does something that He's done several times before, is that when He wanted to speak prophetically He usually reached out for some bread. Because He knows that heaven sees bread, if bread is put in a spiritual context, heaven sees bread as the broken body of Jesus.

So, let's see if I can create something here to explain it better. Let's just pretend that Jesus is sitting around and there is a challenge before Him and He needs to communicate something very clear to heaven, very clear. *He wants the power and the benefits of the cross He needs them*

now. Now He's not at the cross yet but He needs the power and the benefits of the cross He needs them now. So, He needs to communicate with heaven very clearly that He needs the power and the benefits of the broken body of Jesus on the cross. So, Jesus perhaps is sitting around, there's a great challenge it from Him and He needs to communicate with heaven. He doesn't reach for a phone He reaches for a bread. He reaches for bread. And then He begins to do something with that bread. And He's speaking prophetically, He's speaking prophetically. And heaven is understanding what He is saying. Heaven is right there. Now Satan in the kingdom of darkness, they don't know what is going on, but heaven is understanding. Jesus and heaven are having a conversation, He's busy breaking bread. And heaven is acknowledging. How do I know that heaven is acknowledging? Because then you see the power show up. In other words, somebody picked up the other line and answered the call and sent down what was needed. So, Jesus is speaking prophetically. Now He's asking you and I to do the same thing. Let's look at this. *For I received from the Lord that which I also delivered to you that on the same night which He was betrayed took bread and when He had given thanks He broke it.* Now He's communicating, He's communicating when He breaks it. He's communicating. *And He said take eat this is my body which is broken for you, look at what He is saying. He said this is my body right here, I'm holding my body right here. I'm holding my body, this bread right here is my body and I just broke it, so I already went, as far as heaven is concerned I already went to the cross. I already went to the cross.* So, when Jesus broke it heaven said, OK, we're at the cross already. We're at the cross. The angels are saying we're at the cross yet the cross literally hadn't happened yet. But Jesus is taking heaven to the cross with this bread, so He broke it and the angels see the broken body of Jesus. Now through the broken body of Jesus there is healing, there's multiplication, there's fruitfulness, there's might, there's power, there is deliverance all of that, so when Jesus is communicating, He said here's my body and heaven is reacting to it. As if the cross already happened. now it hadn't happened, but as far as heavens concerned with that body when that bread was broken the body was broken. As far as heaven is concerned. Why? Because He is speaking prophetically.

EVERY SPIRITUAL ACT IS ONLY POWERFUL AND EFFECTIVE WHEN YOU DO IT IN REMEMBRANCE OF HIM

So, He said take eat this is my body which is broken for you, do this in remembrance of me.

Now why is this line particularly important? *Because the bread, it must be broken with that in mind. Which is the cross.* Because your faith is engaging that. That's what you have it in your mind. If you break bread without having Jesus in mind, without doing it in remembrance of Him then you're just breaking any old bread. You're getting ready to eat your meal. You're breaking bread like you've done hundreds of times before when you're about to eat your dinner when you're about to eat your lunch it's just another breaking of the bread. But when you broke this in remembrance of Him, now that bread is a different instrument.

When you break bread in remembrance of Him that piece of bread is now reclassified.

Because it has a different association. The bread from the day before was associated to the taco. The bread from the day before was associated with the sandwich but this bread because it's done in remembrance of Him, now it's associated with the cross. Now it's a spiritual instrument. Now, it's a prophetic language. Now it's a prophetic conversation. *Because I'm breaking this bread in remembrance of Him.* I'm not breaking this bread in remembrance of the bologna sandwich, I'm breaking this in remembrance of Him. So now the bread is re-associated, reclassified as a spiritual instrument. That's why when you give tithe, you do it in remembrance of Him. When you do worship, you do it in remembrance of Him, because if you don't do it in remembrance of Him, you're just singing another song. There's no power and it's not spiritual. You're just singing a song like you've done many times before. But as you are worshiping in remembrance of Him now it's a spiritual conversation that's taking place with spiritual results. In the same manner He also took the cup after supper Saying this cup is the new covenant in my blood. This do as often as you drink it in remembrance of me. This is how you classify something different. This is how you classify something different.

And you can have five loaves of bread at your home and you're going to use this bread for sandwiches, you're going to use this bread for dinner tomorrow, you're going to use to spread for the picnic but now this bread when I break it, I break it in remembrance of Him. So now it's set it apart from everything else. Now it's used as a prophetic declaration. Because I'm doing it

in remembrance of Him. That is how you re-classify something, something physical whether it be finances whether it be Bread, whether it be your holy hands, whether it be your walk when you do it in remembrance of Him so that what you do is now tied to heaven. And It would have spiritual implications.

Now the person that doesn't understand will say what's so special about that bread? I eat bread every day. I go to the bakery I like bread. What's so good about that bread? Because this one now that I'm breaking is *in remembrance of the cross*. I'm doing it in remembrance of Him so now it's set apart For spiritual conversations with God. He said so as often as you eat this bread and drink this cup you proclaim. He said you are saying something, you are proclaiming something now. When you drink this cup and you break this bread in remembrance of me you are proclaiming something we are having a conversation you are speaking with heaven. You are communicating with heaven. *You are proclaiming something now*.

AS YOU REMEMBER THE LORD, THE PHYSICAL ELEMENT IS THEN PLACED IN A DIFFERENT CATEGORY. IT BECOMES A PROPHETIC INSTRUMENT

And you're doing it with a physical element. Jesus did the same thing. He took that Bread, He looked up to heaven and He broke it. He was doing it in remembrance of his Father. He was doing it in remembrance of the kingdom. So, when He did that it automatically put that bread in a different category. Heaven saw that bread in a different category. When Jesus did that they saw that bread as a prophetic instrument. *When He broke it, the heavens said I believe now we're talking spiritual here now He's communicating with us*. When He broke that bread now He's communicating with this. They picked it up.

GOD WILL SPEAK TO YOU IN GENERAL REVELATION OR SPECIFIC REVELATION

The key is realizing that kingdom citizens have been privileged to speak prophetically. Either by general revelation from the scriptures or by specific revelation by a divine movement of the Holy Spirit.

Let me repeat that for you. *The key is realizing that kingdom citizens have been privileged to speak prophetically either by a general revelation from the Scriptures or specific revelation by a divine movement of the Holy Spirit.* Let me give me some examples concerning that. The word of God is inspired by the Spirit of God. The hand of God wrote it under the inspiration under the movement of the Spirit of God so even the word of God is prophetic inspired by the Spirit of God. But the word of God is general revelation, the word of God is general in other words it encompasses multitudes. It applies to all the children of God. Let me give an example **Genesis 12:2** there's a general revelation here. He told Abraham *I will make you a great nation I will bless you and I will make your name great and you shall be a blessing I will bless those who bless you and curse those who curses you and in you all of the families of the earth shall be blessed.* That's general that means all the families of the earth shall be blessed. That's a general revelation. To all the families of the earth so there is this blessing that is available for you to be blessed. It's a general revelation and it applies to all the children of God. Now let me show you an example of a specific revelation. Now the Spirit of God is behind both of them but there's a specific revelation in **John 4:15** Jesus having this conversation with this woman we've kind of touched on this already. *The woman said to the men, He gave me this water that I may not thirst nor come here to draw. Jesus said to her go call your husband and come here. The woman said I have no husband, Jesus said to her you have said well saying I have no husband for you have had five husbands and the one you now have is not your husband, and in that you spoke truly.* That's specific revelation that dealt specifically for her. It wasn't for everybody it was just for her. What I am saying in communicating with God, He's going to either respond to you by general revelation which is the word something that applies to you and all your brothers in Christ or He's going to respond to you specifically Concerning a particular case or a situation that doesn't apply to everybody else and just applies to you. That is specific revelation that Jesus is going to respond to you. It's amazing how over and over Jesus had these kinds of conversations and had these Kind of responses. Here Jesus was able to give this woman specific

details about what she was going through about what she was facing. It's amazing that Jesus often reached for bread when He wanted to communicate something.

HEAVEN SEES ISRAEL SINLESS BECAUSE OF THE UNLEAVENED BREAD

In Exodus 12 is when Israel is about to be delivered from Egypt they're about to be taken to the Promised Land but right before they take off they have to sacrifice a lamb and they have to eat unleavened bread. Breads involved. They have to eat unleavened bread because in that act of eating unleavened bread, heaven was going to see Israel sinless. Heaven was going to see Israel, even though they were full of sin, even though they had rebelled against God, when God saw the unleavened bread, He saw them without sin. And because He saw them without sin, He blessed them like they never did anything wrong. He blessed them like if they never did anything wrong, He didn't allow anybody to touch them. No one was allowed to touch them. The Bible says not one of them, perhaps half 1 million people not one of them was feeble, not one of them. And then He took all the wealth of the Egyptians and He transferred it to his children. He did all of that for them as though they had never done anything wrong. As if they were good kids. *But heaven was looking at the unleavened bread and when they saw the unleavened bread they saw Israel sinless.* And so, Israel was blessed like if they were sinless even though they were in sin, God treated them like they were sinless. *When you and I come to the communion table even though you may make mistakes, even though you fall short, even though you messed up, when you come to the communion table and you take that bread and you break that bread and you consume that bread, God will treat you like if you were you Jesus without sin. He'll bless you like you never sinned even though you and I know you've done some pretty bad stuff. He'll deal with you like you never did anything wrong. He'll bless you like you never messed up. Why? Because when He sees you consuming the broken bread He sees the broken body of Jesus.* Speaking prophetically. He sees the broken body of Jesus when you take that broken bread at communion. Now, how many of you have taken communion and you didn't know what you were doing? Maybe they put it in your mouth, maybe they gave you a piece of bread and you just took it and you wished they had some butter to go with it. You just took it. However often they did it, you just took it all the time, the

Lord's supper. No power, no understanding but now, you understand that you're communicating with heaven.

That when God sees the broken Bread He sees your life broken to release a new fragrance.

JESUS IS SCHEDULING SOMETHING WITH SOME BREAD

For feeding the 5000 He reached over for some bread at the communion table and He breaks out some bread. Look at **John 13:18** Jesus is speaking and says *I do not speak concerning all of you, I know whom I have chosen but that the scripture may be fulfilled He who eats bread with me has lifted up his heel against Me. Now I tell you before it comes that when it does come to pass you may believe that I am He.* Now, notice that He's talking about something coming to pass and He is using bread to schedule it. He's using bread to schedule it. Because the Scriptures had already foretold that Jesus would be betrayed, that there would be somebody that would betray him with a kiss. But it needed to be scheduled, it needed to be reaffirmed. Look at what He says now, *I tell you before it comes to pass in verse 19 that when it does come to pass you may believe that I am He, most assuredly I say to you he who receives whom ever I send receives me and he who receives me receives him who sent me. 21 when Jesus had said these things He was troubled in spirit and testified and said most assuredly I say to you one of you will betray me. Then the disciples looked at one another perplexed about whom He spoke. Now there was leaning on Jesus bosom one of his disciples whom Jesus loved. Simon Peter therefore motioned to him to ask who it was of whom He spoke. Then leaning back on Jesus breast, he said to him Lord, who is it? Jesus said it is he to whom I shall give a piece of bread.* So here Jesus is using a piece of bread to single out an individual. He is speaking prophetically. And He is using bread to single out somebody and He says *it is he whom I should give a piece of bread when I have dipped it. And having dipped the bread He gave it to Judas Iscariot the son of Simon.* Now watched verse 27. *Now after the piece of bread, now after the piece of bread Satan entered him.* When did Satan enter? After the piece of bread. After the piece of bread. Satan had

already been using Judas, but he couldn't get it to him. Judas was just too close to Jesus for Satan to get to Judas, just too close. Even though he was wrong and even though he was doing bad he was just too close to Jesus.

THE BREAD IS USED TO SINGLE OUT AND COMMUNICATE TO THE SPIRIT REALM AND RELEASE AN INDIVIDUAL

So, Jesus is going to communicate with the spiritual realm. He's going to communicate with heaven He's going to communicate with Satan and to the spiritual realm. And basically, He's saying this, I'm going to communicate again with bread. Once I break this bread and I hand it over I'm going to release this individual and when I release him he'll be far enough from me or Satan can enter him. *Because I will be betrayed asked was foretold. But in order for that scripture to be for filled Satan needs to enter this individual and I'm going to single him out with a piece of bread.* And I'm speaking prophetically now. *So, after the piece of bread Satan entered him, then Jesus said to him what you do, do quickly but no one at the table knew for what reason He has said this to him. Some thought because Judas had the money box, that Jesus said to him buy those things which we need.* You see how people are lost? Jesus is speaking prophetically, and they can't understand what's going on. *Verse 30 having received a piece of bread he then went out immediately and it was night.* And on and on and on. *Jesus used bread to speak, to single out an individual for a blessing or to single out an individual for condemnation.* He used bread. *You and I are given instruction to speak prophetically because we are spirits and we do it at the communion table. We do it with tithes and offerings, we do it with our walk, we do it with our talk. Our conversation is different. we use things that the Bible instructs us to use whether it be bread, whether it would be the cup, whether it be tithes and offerings. With our hands, feet we use these things that the Bible instructs us. But we use them as prophetic language and it becomes prophetic language when we do it in remembrance of him.*

WHEN YOU SPEAK PROPHETICALLY YOU MUST REALIZE THAT OTHERS WILL NOT UNDERSTAND AND YET YOU ARE SCHEDULING THINGS FOR YOUR LIFE

The words that we speak, they asked Jesus the Greeks wish to see you Jesus and He said the hour has come for the Son of Man to be glorified and they didn't understand what he was saying. He said the hour has come for the Son of Man to be glorified. If a grain of wheat falls to the ground and dies, it bears much fruit. They didn't understand what He was saying because when they said we want to see Jesus He understood they could not see him till after the resurrection. Because they were Greeks, they weren't Jewish. So, when they said we want to see Jesus, Jesus was answering prophetically. You're going to see me, not right now, I'm not going to open up your eyes right now. I'm going to go to the cross, the day of Pentecost is going to happen, and the Greeks will have their eyes open up and then you're going to see Jesus. You're not gonna see him right now, see but they don't understand that then his response doesn't make any sense. We call those things which should be not as though they were. Let me ask you this. If the doctor says that you're sick and then you come and talk to me and I ask you, hey how are you doing? Are you going to tell me I'm Sick? No, you're not. Because you're not speaking prophetically. You're saying what is, not what is to come. If I ask you, how's your body doing? I heard, you went to the doctor and you may say something like my body is receiving it's healing, by the stripes of Jesus! Now you're speaking prophetically! You're not describing what is, you're describing what is to come. So, you can schedule the arrival of your healing. You'll never hear me say I'm sick except for now, ha ha Ha. You'll never hear me say that I'm sick. I might tell you, I don't feel, or I might tell you my feelings are like this but you'll never hear me say I'm sick. You'll hear me say things like, I'm receiving my healing or by His stripes I am healed, or His blood now heals me, or His Word was sent to me and it healed my body. I'll respond to you like that and I guarantee you, do that at your job with the unbelievers with those who don't understand the prophetic language that are not spiritual people and they ask you how are you doing? Tell your boss by His stripes I am healed. What? No, no, no how are you doing? I heard you went to the doctor? Yes, I did and by His stripes I am healed! What stripes? And who is he? Maybe there something wrong with your head to? Why are you saying

that? Because I am scheduling the arrival of my healing. I'm not describing what the doctor said I'm describing what the King said. No matter if He wants me to be healed it'll never happen and till I schedule it with prophetic language. If you don't have a single penny to your name you don't say I am broke. You don't say that because the Bible says you're blessed. Yeah pastor but I don't have any money. It doesn't matter, you speak prophetically so the money will come. You're speaking prophetically. If somebody says, I see some change in you. Yes, I have been crucified with Christ it is no longer I who live but Christ lives in me and the life which I now live in the flesh I live by faith in the son of God who loved me and gave himself for me. What? Man, they are brainwashing you at that church. They are. My brain was dirty and needed a washing and so does yours. By His stripes I am healed by His stripes I am blessed. If somebody says you'll always be a drunk like your father, you say no I'll always be blessed like my Heavenly Father! I'm speaking prophetically! And if you really want me to I'll break out a piece of bread and I'll really say some stuff.

PRAYER

Father in the name of Jesus change our language as citizens of this kingdom. Help us to speak correctly, help us to speak what you have said not what man says. It's not that we are denying what is there it's that we're looking to change what is there by prophetic language by calling those things which be not as though they were. That's the language of the spirit and the citizen of the kingdom of heaven. Father I thank you that your word is or has renewed our minds that you sent your word and healed our bodies. You sent your Word my Lord and you fixed everything that was broken. I thank you my Lord that the blessing of Abraham upon our lives upon our house upon our children and our grandchildren. We are blessed because of our association with you not by the size of our bank accounts, the kind of car that we drive or the square footage of our homes. We are blessed because of whom we are related to now. We are the seed of Abraham. We are spirits designed to move in the supernatural to proclaim the good news of heaven to be agents of change to bring about God's goodness in to every person that we meet. I thank you my Lord that when we speak, we speak the will of God to change the

circumstances of man. We speak the will of God to bring the light of God 's glory into a dark place. We speak the will of God to illuminate the understanding of our fellow man. We are children of light, walking in divine light speaking the oracles of God. It's the language of faith, it's a prophetic language. We change things one word at a time, for death and life are at the power of the tongue, those that love it shall eat its fruit. I thank you my Lord that you desire that all would prophecy. For the edification of man and the church. I thank you for your goodness and in Jesus name we declare Him Lord of our lives, our Savior Who went to the cross to redeem us and caused us to be born again as a spirit that has fellowship with the Spirit of God. In Jesus name we pray, and every believer say Amen!
